We are excited to present our latest Tech4Gov highlights for the month of October! Our team's unwavering dedication has resulted in the successful completion of projects, further strengthening our relationships with clients and partners. We are grateful for your continued support and are resolute in our commitment to excellence. Stay tuned for more updates and innovative developments from Tech4Gov!

Milestones – October'2023

Services :

1. Successfully bridged the data divide between the State Covid Portal and ICMR Portal, ensuring seamless information exchange.
2. The initial version of the Android app for and web portal for Lady Supervisor Master entry, along with their mapping to respective sectors, has been delivered to the ICDS Team for User Acceptance Testing (UAT).

Products :

1. A new program has added in our Tech4Gov's Task List i.e. focusing on enhancing the state's Supply Chain Management System.

Highlights – October'2023

In addition to the mentioned milestones, the Tech4Gov team had also diligently worked on the following items:

1. Mr. Sujeet recently participated in a productive meeting with representatives from BMGF, Jhpiego, The University of Manitoba, and the team from BNRC (Bihar Nurses Registration Council), all under the guidance of Mr. Pratyay Amrit, Assistant Chief Secretary of the Health Department. The meeting took place at the BSRDCL Office and was centered around discussions on reforming the Nursing Council..
2. We have successfully conducted a comprehensive demonstration of the Baal Hridya Yojna Portal with the RBSK Team, and we have assigned them the necessary tasks to ensure a successful launch.
3. Mr. Manish provided exclusive support to the Assam team in restarting the portal and its associated services following the server relocation. Additionally, Ms. Nitika conducted thorough testing of the PGR portal.
4. Our team has successfully implemented entry-level validations on the State Covid Portal, contributing to the prevention of record ambiguities
5. Mr. Rupesh and Mr. Sujeet had a meeting with Mr. Rahul Kumar, CEO of Jeevika, to discuss matters related to PGR. They also had a discussion with Mr. Prem Prakash, SPM-IT, about our ongoing product, PGR 2.0, and the possibility of opening a new channel, a Helpdesk at the facility level i.e. District Hospitals.
6. An insightful conversation with Sh. Omkar Ji, State Finance Manager at SHSB, exploring the tools and methodologies for streamlining Employee Salary Calculation
7. Discussed with IT Team, SHSB for enhancing the Health Monthly Review Meeting, with a focus on incorporating a Block-level review process. Additionally, also discussed to capture the workflow of the Data Validation Committee meeting and its associated proceedings and compliances.

Moment of the Month

We have carried out a comprehensive demonstration of the Baal Hridya Yojna Portal in collaboration with the RBSK Team. This milestone marks a significant step towards the impending launch of the portal. During the demonstration, we provided the RBSK Team with the required guidance and have delegated specific tasks to ensure a seamless and successful launch. Our collective efforts reflect our commitment to delivering a

valuable and efficient platform for the Baal Hridya Yojna, furthering our mission to enhance healthcare services and support the well-being of respective beneficiaries across the state.
